Ms. Laura Paradise
EDGE
785 Market Street, Third Floor
San Francisco, California 94103

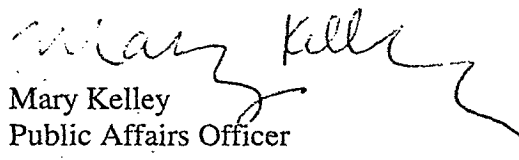

Dear Ms. Paradise:

Thank you for taking time to call me back October 23 about the CALFED Bay-Delta Program. I have enclosed some information about our Program.

As I might have indicated during our phone call, the CALFED Bay-Delta Program is a state-federal effort to solve long-standing problems in California's Bay-Delta. Since the Bay-Delta solution will affect people in urban and rural communities throughout California, it is imperative we involve the public in designing that solution. Adrienne Alvord of the Community Alliance with Family Farmers suggested I contact EDGE because of your commitment to environmental justice. At your convenience, I would like to arrange a meeting between representatives from EDGE and from CALFED. Please give me a call at (916) 657-2666 the next time you plan to have a few extra moments in Sacramento.

Thank you again for your time. I hope you find the enclosed materials interesting.

Sincerely yours,

Mary Kelley
Public Affairs Officer
